

# FAMILY RIDE

This short circuit is suitable for families. It does start on the main road out of the marina so be mindful of traffic. That same road also climbs gradually but as you turn right at the end of it and down towards the Hideaway Couple's Retreat, the descending and real fun begins. With the tarmac now giving way to an off-road track, keep your wits about you on the gravel surface as you arrive at the bay and the marina.

## SEAN'S TOP TIP

If you fancy adding a bit more, on the return, turn left as you reach the water and head along to the point where the boats exit the marina. It gives a real out at sea feel!

## BEST DIRECTION

Clockwise to get ascending done first
