

ICE CREAM

I scream, you scream, we all scream for Portavadie ice cream!

The history of ice cream is a messy one. Many nations claim to have invented it, just as various individuals have taken credit for it. Even if it does remain murky, it makes for chilling drama; from the Roman Emperor Nero to Mussolini, who actually banned it in Italy as it had become a symbol of America. Ice cream had actually become a great morale boost for the American troops and, in 1943, the US Armed Forces were the largest ice cream manufacturers in the world! Here at Portavadie we believe homemade is best - ENJOY!
